

Statement of Purpose for Racial Justice Task Force

At the beginning of this year, as a result of the growing recognition of need for the church to address Racial Justice, the Donegal Presbytery initiated a task group. The group has met a number of times over the last few months. In the midst of what has been happening on the national scene, our goal is to take steps that will move us as a unified church and God's people in a positive, forward direction. We pray that the outcome of the Chauvin trial means that, as a country, we have turned a corner and lit a spark from which we can progress with equity and love for all of our neighbors.
